

Hakomatic B 1000. Wet scrubbing and dry vacuuming with tried and tested technology.

The Hakomatic B 1000 can offer:

- Large area performance per hour. With working width 100 cm up to 6,000 m², with working width 130 cm up to 7,800 m².
- Emission-free battery drive for long running times.
- Cleaning in areas with restricted access using the front mounted scrubbing unit.
- Operator-friendly ergonomics and machine operation. Adjustable driver's seat, a minimum number of control elements/instruments which are clearly laid out, easy steering controlled with one pedal in forward and reverse drive, infinitely variable speed control.
- Extremely manoeuvrable as a result of the steering angle of >90°.
- Optimum visibility of the working surface.
- Cleanliness coupled with safety. Tried and tested technology and robust steel frame construction guarantee long machine life.
- Reliable after-sales service and 24 hour service mean that Hako machines are ready for operation around the clock.

The dashboard: Clearly laid out, easy to operate.

Easy access: Quick, clearly laid out, maintenance-friendly.

Dirt water uptake: Without mess; and automatic switch off.

Quick brush change: In no time at all, without the use of tools.

Performance and quality down to the very last detail.

Technical data	Hakomatic 1000/100	Hakomatic 1000/130
Working width	100 cm	130 cm
Squeegee width	126 cm	146 cm
Area performance up to	6000 m ² /h	7800 m ² /h
Vacuum (statioc water lift)	1800 mm/water column	1800 mm/water column
Air volume, vacuum	204 m ³ /h	204 m ³ /h
Voltage	36 V	36 V
Drive motor	0,7 kW	0,7 kW
Brush motor	2 x 0,8 kW	3 x 0,8 kW
Vacuum motor	2 x 0,5 kW	2 x 0,5 kW
No of brushes	2	3
Brush revolutions	180 U/min.	180 U/min.
Brush pressure	73 kg/730 N	96 kg/960 N
Working speed	0-6 km/h	0-6 km/h
Clean water tank	200 l	200 l
Dirty water tank	220 l	220 l
Dimensions: length	212 cm	212 cm
Width without squeegee	105 cm	132 cm
Height/above overhead guard	130 cm/195 cm	130 cm/195 cm
Weight, empty without batteries	600 kg	670 kg
Total weight, ready for operation	1326 kg	1396 kg

The Hakomatic 1000 offers the highest product quality and long lifetime as a result of modern manufacturing processes and a strict quality assurance system. The Hakomatic 1000 has been manufactured in accordance with the CE guidelines and fulfils the European safety norms EN 60 335.
